PRESIDENT'S MESSAGE

This evening we welcome to Hindmarsh Stadium, one of the "big-guns" of Australian Soccer, South Melbourne. Frank Arok is a great coach and he arrives with a disciplined and talented squad, eager to give 100% per cent tonight. Over the years there have been many memorable matches between our two clubs, and I am sure that you will witness another great clash tonight.

I would like to congratulate two of City's "new-boys" on a great job last weekend. Both Sasha Nedeljkovic and Bradley Armour turned in excellent performances against Canberra, and I look forward to seeing many more great displays from our two new signings. Adelaide City supporters can now see why this duo were sought by the club. Welcome aboard, boys!

Also I would like to congratulate Jamie Perin on a job well done. Jamie is an extremely talented young man who, like Sergio Melta before him, gives so much to our club in the way of loyalty, determination and intestinal fortitude.

Throughout this magazine you will see many of Adelaide City's valued sponsors offering their goods and services. I urge you all to support these loyal sponsors who do so much to help our club remain the best in the land. By supporting them, you are supporting City.

Please get behind our boys tonight. You have seen how they respond when the crowd gets involved in the game. Let's make this night something to remember for players and fans alike.

Please enjoy the match.

Fred Lenzi

SOUTH MELBOURNE

Coach - Frank Arok

South Melbourne arrive this evening for what will be their third away game in a row. South visited Morwell last week after losing in Round 1 to Melbourne Knights. South went behind in the 64th minute after an unfortunate own-goal by Steve Mangos, who put one past Dean Anastasiadis to score the only goal of the game.

Souths' line up looks impressive. Paul Trimboli is well known to all City fans, and will be hoping to do well tonight. Also well placed in South Melbourne's midfield is Mike Petersen who, like Trimboli, will be looking to dictate the play this evening. Up front you will see Ivan Kelic and new signing Vaughan Coveny, both of whom will be looking to open South Melbourne's goal scoring account for the season. Coveny joined South from Wollongong in the close season. South can boast a strong line up despite losing players the likes of Wade, Polak, Hasler, Awaratefe and Muscat during the off-season.

South Melbourne has been champion twice, in 1984 and 1990-1. A Cup Final win in 1989-90 completes the list of major NSL honours.

Last season South defeated City by three goals to one at Hindmarsh Stadium, after City had triumphed 2-1 in Round Seven. The last five games between South and City have averaged three goals, so we can look forward to plenty of attacking tonight.

David Robinson

QUICK PICKS

1. Dr Lindley, a former history lecturer at Monash University is now a research fellow at the Australian Council for Education Research. She claims that real appeal of soccer is that it can be played by any "wimp". There are a few soccer "wimps" who would disagree with that statement. These "wimps" in particular wouldn't take that statement seriously. Wimp number 1. A.C. Milan's George WEAH, Wimp 2. Wimbledon's Vinnie Jones. Wimp 3. Juventus Gianluca Vialli. I could go on and on with soccer's list of "wimps". Dr. Lindley you must be joking!!!
2. Did you know that Argentinas Diego Maradona now playing for Boca Juniors is at 35 years of age still Argentinas most expensive player at US \$10,000,000. If Diego was to have that price on his head in Australia it would have been reduced to US\$285,715, affordable for just about any A-League Club. This information is based on the Socceroo Jason Polak saga. Jason had his transfer fee reduced from and incredible \$35,000 to \$1,000!!!
4. Congratulations are in order for Adelaide City's women's player Krystn Swatter who has been selected in the Australian women's training squad, after some impressive performances for South Australia in the National Championships which were held in Adelaide a fortnight ago.
5. The 1995-96 A League has unofficially been named the Year of the "Good-Supporter". However I did notice in the first round against the Canberra Cosmos, a small minority of "Zebra supporters" were jeering our own team! Really! If you happen to be unfortunate enough to be next to one at our next match please remind them that our lads are human and sometimes when passes do go astray and things are not happening as they should that is the time to voice words of encouragement to the lads and see how they respond!!!

LETTERS TO PLAYERS

Have you got a question for a player that you have always wanted to ask? Then send your question to your favourite player via The Editor, P.O. Box 379, Hindmarsh 5007

*The Zebra's Cage ...***Canberra Cosmos**

Let me start by congratulate Canberra Cosmos for doing well in Round One. Although the game was always in City's hands, the Cosmos showed that they will not be over-awed by the company they are keeping this season. Mick Lyons certainly has a tough job on his hands but the boys showed that they are keen to give their best this season.

Ericsson Cup

The A-League has a new name! Ericsson, the telecommunications company, has sponsored the national league in a 5 year deal which will provide great support for Australian Soccer. The league will now be known as the "Ericsson Cup". What do we call the Cup competition then?

Mori Powers On!

It's great to see Damian Mori starting off the season just as he finished in 1994-5, scoring a brace of goals in the match

against Canberra. Damian is now the club record holder for goals in a season and it is an understatement to say that opposition defences will find him a handful once again this season.

Player of the Year Award

The player who shows the most determination and makes the biggest effort in City's home games this season will win the Zebra Player of the Year Award. This season's winner will receive a fabulous watch from **Voivodich Jewellers**. Points for the game against

Canberra Cosmos were John Gibson (3 points), Sasha Nedeljkovic (2 points) and Damian Mori (1 point).

CITY SLICKERS (continued)

During the off season at the Club activities have not stopped. The City Slickers Vice Presidents group have been gathering more and more momentum since they began three years ago.

Your Editor was able to catch up with the City Slickers President Vince Cosmai recently to obtain the following interview.

Question 3. WHY SHOULD I BECOME A "CITY SLICKER"?

Answer: Firstly, membership of the "City Slickers" provide the following benefits:

1. Reserved seat to all "A" league home games (exception Cup games and finals series) in the specially designated "City Slicker" comfortable grandstand enclosure.
2. One complimentary guest reserved seat to all "A" league home games similar to (1) above.
3. One reserved car park for all "A" league home games.
4. Access to light supper and beverages in the private "City Slicker" clubrooms before and during half time of each game.
5. Influence on Club activities i.e. access to an Adelaide City player, by arrangement, to assist business promotion etc.
6. Full voting rights within the Club.
7. Exclusive "City Slickers" membership badge. In addition membership will be genuinely restricted to 100 members only. That means that if you are not in the initial intake you can't get in once the membership is fully taken up, without getting on the end of the waiting lists.

By being a member you will enjoy your favourite sport with the best comfort in an enjoyable and civil atmosphere. The major benefit, however will be the claim to VIP status within the club and the ability to legitimately claim Honorary Vice Presidents Status.

Question 4. CAN I SHARE A "CITY SLICKERS" MEMBERSHIP WITH A FRIEND?

Answer: YES, however, only one can nominate as the "City Slicker". If he/she does not renew their membership on time each year, or at all, the membership right does not automatically pass to the guest, even if the guest is their husband/wife. However, it is expected that the "City Slicker" committee would attempt to sympathetically view such a request and probably give the guest priority on membership before someone else on the waiting list.

FROM THE TERRACES

It was good to get back to Hindmarsh last week, I thought we were going to win by a landslide early, but due credit to Canberra, they fought tooth and nail. Good old Damien did the right thing (again), let's hope he breaks his own goalscoring record this year.

If you are reading this article you are obviously unconcerned with the new season's fixtures. Time will tell how successful the scheduling of games on days other than Saturday or Sunday will be.

There are a couple of considerations to view, one being financial - can clubs absorb a possible loss of revenue? The other consideration is that of the Players. Mid-week games are bound to cause players to take the field carrying "sore spots". This can result in the player suffering longer term problems, and consequently affect the teams performance.

I guess that's where player depth becomes paramount in the success or otherwise of a club. With that in mind, coach John Perin would have no doubt spent many hours gauging which

players can fill specific roles on the park. From the team that took the field against Canberra, players like Carlo Tallidra, Joe Mullen and Mark Yates, all experienced performers, were unavailable. Their return will be invaluable over the long season ahead.

On player strength, I generally don't like to judge players on one performance alone, however I couldn't help but be impressed by Sasha Nedeljkovic and Jamie Perin. Then of course it was business as usual for the twin towers at the back, Alex and Milan. What a combination!

Finally, I've heard some people expressing dissatisfaction at the time it takes to get through the turnstile. I believe this problem could be reduced if the majority of fans arrived at the ground earlier. There is usually a game on beforehand, and there is always food and drink available to help pass the time.

Enjoy tonight's game.
